

Shopfitting and Interiors

Nationwide Services completely understand the tight programmes and fast-track nature of shop, interior and office fit-out work. We work closely with our customers and are both able and willing to be flexible to meet your needs. We continually develop our services in partnership with our customers and as a result, we can offer you a comprehensive range of individual or managed services on multiple sites across the UK from one point of contact.

Our weekly on-hire reports will give you peace of mind and cost control. Our fully managed service, both at office and site level for site waste management plans, will take all the work out of enhancing your 'environmental credentials' by monitoring waste, driving up recycling rates and reducing waste to landfill.

Our goals are simple - to make sure you have everything that you need when you need it, to collect promptly when the job is done, to give you price consistency on a national basis and to provide excellent levels of customer service.

Contact our experienced sales team today to discuss how we can help.
