Nationwide Services Group Limited (“The Company”) are a management company operating as part of Reconomy UK providing outsourced waste management, tool and plant hire services to a wide range of customers in the fit-out, construction, retail and commercial sectors.

The Environmental Policy of the Company is to ensure so far as it is reasonably practicable that its operations will be carried out with a commitment to protecting and enhancing the environment. It provides a framework for setting and reviewing environmental objectives and targets.

The Management of the Company recognises that our waste management and equipment hire activities have an environmental impact and in developing this policy we seek to confirm our commitment to manage environmental issues properly.

This policy has the full support of the Managing Director. In implementing this commitment to manage our environmental impact properly we will:

- Fully comply with applicable legal requirements and with other compliance obligations to which the organisation subscribes which relate to its environmental aspects.
- Ensure that environmental considerations are integrated into our business decisions.
- Regularly review our Register of Environmental Aspects in order to identify potential environmental risks to our business.
- Commit to continual improvement of the Environmental Management System and pursue opportunities to minimise the environmental impact of our operations and improve environmental performance, concentrating particularly on the use of energy and waste disposal.
- Commit to operate in such a way to ensure prevention of pollution.
- Continually develop a growing knowledge of environmental issues amongst our employees through our on-going training program, ensuring a greater understanding of our Environmental Policy and Environmental Management System.
- Continue to work with our customers and suppliers to build a greater awareness of the environment.
- Regularly review our policies to ensure that they remain properly aligned to the need to reduce waste and encourage the most effective utilisation of scarce resources.

Responsibility for implementing this Environmental Policy Statement rests with the Directors.

This Environmental Policy Statement will be regularly reviewed and updated as necessary. The management team endorses these policy statements and is fully committed to their implementation and communication to all parties.
